01:50:52 GC Bonita Joy: I've wondered about lawyers who use droidlaw (an a.i. program for attorneys)

01:53:16 G-Maria Platusic - PLATUSIC DESIGN: definitely hesitant with using chatGPT for copyright and inaccurate data - thanks for sharing these details

01:54:24 GC Bonita Joy: It said in my bio that I am a commercial voiceover artist

01:55:39 marycharleson: Yes I am!

01:55:51 Robert Longley: Anything generated with ChatGPT should be treated as a bad first draft

01:56:20 G-Maria Platusic - PLATUSIC DESIGN: Replying to "Yes I am!"

Love that QUOTE!!

01:56:49 G Albert Gruswitz: I work with Midjourney (prompt to image A.I.) and feel fear of A.I. and how it will effect truth, jobs and copyright issues are overblown. These are new tools that are in development and like when computers first came out people feared what they would do to jobs. They will become our everyday tools to work with in various fields.

01:58:41 G-Maria Platusic - PLATUSIC DESIGN: Replying to "I work with Midjourn..."

Midjourney is amazing, and you are correct in saying it's a tool. It's only as good as the users input.

02:04:34 Robert Longley: Replying to "I work with Midjourn..."

I create inspirational prints usually with poems and photos as backgrounds. There are some poems that I could never find a real photo to go with the words. I've been able to generate lots of images with Midjourney which match the writing.

02:05:41 G-Maria Platusic - PLATUSIC DESIGN: Reacted to "I create inspiration..." with ❤️

02:06:11 G Albert Gruswitz: Replying to "I work with Midjourn..."

Adobe Firefly is also in development and A.I. will become a standard part of all of Adobe's programs. The Adobe corporate ego is such that they will want to be the industry standard like their other programs.

02:06:19 GC Bonita Joy: I heard that library of Congress is requiring authors who write books to identify the portions of the books assisted with a.i.

02:06:38 GC-Deb Alcadinho, Business4SocialGood: Good tips on copyright complications and legalities.

02:07:33 G-Maria Platusic - PLATUSIC DESIGN: Replying to "I work with Midjourn..."

Oh that is for certain, they want to keep their hold in the industry.

02:09:13 G Albert Gruswitz: Replying to "I work with Midjourn..."

If you don't get involved with using A.I. now, once all the copyright and fears get resolved, you'll be behind in how to use them.

02:11:38 G-Maria Platusic - PLATUSIC DESIGN: Replying to "I work with Midjourn..."

Absolutely, just being careful and mindful on how to use it

02:12:52 marycharleson: Thanks for such a thoughtful reflection on what it takes to be an authentic communicator Victoria!
