Are you a working woman who is feeling stressed and overwhelmed?

I help working women define motherhood on their own terms and disrupt chaotic patterns that create overwhelm, so they can conquer the power struggles and raise kids who are well-adjusted and successful, and as an added bonus they visit you when they are adults. You are a woman first and being a mom is not who you are, it is what you do.

Does the thought of spending the day making cold calls leave you cold?
