took me a day for my first one, mostly because i had to organize the frameworks to upload and my rules and brand guidelints. next ones are easier - like an hour? but i get addicted testing, and finding little things to change. im not seeling them, but using them as part of the value i give clients.

Can you sell your GPT? I'd love to create a kind connection GPT... and sell it worldwide!

00:34:30 Sam Varner - G: That's what I've done with new podcast too, tighter questions and planning

00:35:17 Susan Jarema | Grand Connection GC: Replying to "How long does it tak..."

i think better to use ai and pull it into your own platform to sell. Come to the ai group this week, we are doing ai agents.

00:35:27 Greg Dixon SharedVisions.com GC: I follow Rick Beato doing interviews with musicians like Michael McDonald. Many are well over an hour and never too long.

00:35:29 Sharon Love, SpeakInspire.com CEO: Who here has a business and/or spirituality podcast and how many followers do you have? I'd love to speak on more podcasts and pay 25% for any business it attracts...
