15:57:41 From Susan Jarema | Grand Connection & New Earth Marketing GC : Rescue Button Heart. Love Our Children.

In this special interview with an Australian award-winning journalist, Suzy Michael, Anthony shares the heart of the Forever Freedom Movement - a global people movement powered by Button Heart, the Braveheart of Bears. Endorsed by Matt Friedman, one of the world's leading voices raising awareness and acting against human trafficking

By rescuing Button Heart, you become a voice for children. Each bear is personally numbered, making every rescue part of a bigger story. Take him with you, photograph him in different places, post and share his journey, and gift him to others. Together we can make Button Heart the most loved and photographed bear in the world – a symbol of courage, compassion, and the stand we must all take to protect children from places and situations no child should ever be.
