01:39:28 Niki Maul - Parasol Designs: I have a question about a section when I'm filling out the profile

01:41:02 Terry Wilson: 1 - I cook the way I think. Low heat, long term, no shortcuts. Smoke over spice. Always.  
2 - Behavioural science is the most underused leadership tool. Activators. Behaviour. Consequences. Most leaders spend their energy in the wrong part of that sequence.  
3 - Most improvement isn't addition. It's subtraction.
