00:24:50 Vicki James: Most solopreneurs have the credentials, the grit, and even the AI — and still can't figure out why the effort isn't landing when they first launch. The missing piece is usually perspective and people — a roadmap and someone in the bus who's been there. That's what creates the shift from stuck to thriving. 🙌 I'm Vicki — if this sounds like you or people you work with, I'd love to connect!

00:24:59 Jeff McQuilkin: Jeff McQuilkin with Jetstream SONIC.

I help small businesses drive more sales by helping them become top-of mind with their target market, improving brand recall by up to 96 percent by giving their brand a unique, distinctive sound. (Think the Netflix "tadum" or the five notes at the end of every McDonald's commercial.)

Giving your brand a sound helps you become the FIRST COMPANY THEY THINK OF when it's time to buy.

Composed the sonic branding for the Grand Connection podcast, as well! :)

Simply put: Better brand recall = more sales!

Would love to meet coaches, consultants, podcasters, service business owners, and any other business owners looking to amplify their brand. I also collaborate with digital marketers and branding agencies to help their clients.
