

00:01:17 Avital Spivak — Tech Confidence Coach: Please welcome Avital Spivak. Avital's been an engineer and a math tutor for most of her life. What she loved about tutoring was watching kids go from hating math to loving it.

For the past 10 years she combines both, working with business owners to prove that people who didn't grow up with computers can get just as comfortable with them, at any age.

Today, she's going to show you something simple: your tech is already a team, whether you've been aware of it or not. Please welcome Avital.
