Tech Confidence Coach

✨ I work with accomplished professionals who know their stuff but can't quite make the online world work for them.

The gap between who you are and how you show up online? That's exactly what I close.

01:03:03 Avital Spivak — AskAvital.com: I asked mine (amongst other things) to not explain my own decisions to me. That was tiring!
01:05:57 Grand Connection Events: Replying to "I asked mine (amongst other things) to not explain my own decisions to me. That was tiring!"

good idea, yes, its annoying. im going to do this too

01:07:32 Kat Gagnon: Thanks so much Suzy!!! Very informative.
01:08:05 Kat Gagnon: I must sign off. Client in a couple minutes. Nice to meet everyone!
01:09:59 Avital Spivak — AskAvital.com: Thank you, Suzy! This was helpful/
Looking forward to the new implementation decision framework.

01:30:14 Krista Giannak: I've found that Notebook LM is more grounded in what I give it, and its citations are little snippets of the original text so I can find the full passage.

01:32:40 Susan Jarema Grand Connection Events: Retrieval-augmented generation is a framework that determines which content AI tools retrieve and cite before generating an answer.

01:35:54 Krista Giannak: Yes, weird how the AI doesn't always search the web. Especially ChatGPT. It may draw from its training data unless I explicitly ask it to search the web.
