I'm Dr. Sree Meleth. I work with high-achieving women coaches and entrepreneurs who look completely put-together on the outside and are quietly bracing underneath. They've tried therapy, mindset work, journaling — and they're still hitting the same ceiling. Because the pattern doesn't live in their thoughts. It lives in their nervous system. 02:25:23 BT Milajohansen.com Pen to Published: I help people write their short book in a weekend, and get it published, which is perfect for a retreat. I've taught this at several retreats and love helping people realize their dreams of easily becoming published authors and using their book for a lead magnet giveaway. Another retreat favorite is to create an anthology with short chapters written by each participant. We do all the publishing for the anthology. Popular because everyone wants to become an author.
